

xxxx vote for change

I have been apart of Windy Nook Primary School for eight years; therefore, I know a lot about this school and how to behave. In addition, I understand the values and the responsibilities that came with our school. My family has taught me how to be kind and respectful to others. This will help me to get a better chance to get voted because I am nice to others!

Vote for Millie, Vote for change, Vote to change Windy Nook.

For too long, pupils at Windy Nook have suffered from doing English , Maths, History or Topic and RE during the week. I will try my best to get more Art and ICT into the week.

One of my key issues that I will fight for is to improve playground equipment , so each class will have their own labelled box that only that class can take equipment from. The last thing I will fight for is a after school tuck shop, after school pupils will be able to go on to KS1 yard and buy things from the tuck shop.
