

Vote for change!

Vote me

A strong, sweet and caring class councillor helping you and fighting for your ideas.

When I was in Tulips I was elected for school councillor therefore I have learned from the role and I have experienced and I know what is wanted from me. I have been apart of this school from nursery to year six and I believe I have the responsibility that comes with representing our school.

If you elect me for school councillor I will listen to your issues and ideas which matter to you ; I will be dedicated, confident and caring so if you want change vote me.

For way to long, the pupils and I have suffered when its comes to homework and carrying it in the rain and getting it wet and soggy but with technology we can make a change and I say we have online homework it would be so much easier and we wouldn't waste so much paper and money on them. An another issue we have in the school is football net and the boys have been wanting them for many years because they cant go down the hill to get the ball anymore because of this so called illness, corvid 19.As we all know, things cost money so I will do a fun raiser to get them.
