Earlier today, we interviewed the young boy ,James,who started this whole ghoul thing off.Here’s what he had to say,”You know this man I mean ghoste keeps putting the blame on me, and of course when I try and tell my parents about it they don’t listen. It’s just not fair.” Well one thing for sure is that he was not lost for words!One other thing that he claimed was that he keeps writing strange letters and smashing stuff. And apparently this spirits name is Thomas Kemp.

East End Cottage.

That is all who we interviewed,but one thing is for sure. If this ghost is real someone needs to do something and fast.

Once we had interviewed James, we moved onto his mother, Mrs.Harrison. She claimed that it was just a joke that he made up and how he loves to make up jokes but this time he has just gone too far. As a result, she has tried taking away his pocket money and not giving him any supper before bed but it doesn’t seem to stop him blabbering on about the

After James’s mother, we went to James’s friend (Simon) to see what he had heard or been told. “To be honest, I don’t really believe in ghosts but for some reason when I’m with James it all seems real. But when I’m not it doesn't feel real. One thing I have found out about my new neighbour/friend is that he is easily offended and does not take no for an answer.”claimed Simon .Well just like his friend ,James, he was not lost for words.
