

GHOST TREACHERY

GHOST TERRORISES FAMILY

Young boy claims he is being haunted by a ghost.

By FAYE

In the peaceful village of Ledsham there was a rumour going round. Claims were made by a local boy (James Harrison, aged 10) that he is being haunted by a sorcerer from the eighteenth century. Could he be telling the truth? Or are these claims of a mischievous school boy.

It has been reported that the alleged ghost has been haunting East End Cottage for one week now, the haunting started a day after the Harrasons moved in. Bert Ellison, 65, Brentwood cottages, has been a ghost hunter all of his life, as he took after his father.

James Harrison is here, the victim of the torturer, he said, "He is terrorising me! He thinks I am his apprentice and he keeps breaking my stuff."

We have news that local builder, Bert Ellison is on the side that there is a ghost in town. He has been working with James to try and capture this treacherous ghost. Mr Ellison is a professional ghost catcher, he has told us

The Harrisons home (East End Cottage)

that he has seen proof that James has a ghost in his house and he has been helping James stop the things before they happen.

"I believe very strongly in ghosts and I believe this boy and I want to help him get rid of his problem."

"I know some people don't believe but they should even though you may think he is just a mischievous boy!"
"I BELIEVE THE LAD!"

This incredibly strong endorsement certainly shows that this may not just be one of James's silly jokes.

James's sister (Helen Harrison) gave us her overview of the recent event.
"I will admit my brother

probably is the king of lying, but for once in my life I think he is actually telling the truth. There have been some strange things going on around the house and sometimes James wasn't even home!"

A few weeks later, we returned to the scene to see what has been going on.

"W..." Began Bert
"I AM FREE!" Shouted James interrupting Bert.

So there you see the poltergeist that has been causing all of this trouble will not be bothering anyone ever again. If you ever have any ghostly activity call this number (017374756835) email here Bertellison@Gmail.org.
