## POLTERGEIST DESTROYS PEACE FOR YOUNG BOY!

**YOUNG BOY CLAIMS A GHOST IS NOT GIVING HIM ANY PEACE AND IS DESTROYING HIS COTTAGE.**

BY LUCY

The quiet village of Ledsham was in uproar yesterday,after claims were made by a local boy(James Harrison, aged 10)that he is being haunted by a sorcerer from the eighteenth century.Could he be telling the truth?Or are these the claims of a mischievous school

James Harrison and his family moved into East End Cottage in Ledsham a few weeks ago. A week into the moving, James suspected there was a ghost haunting his cottage(Thomas Kempe). He has been haunting East End Cottage for two weeks now. Could this ghost be family to James? Or is this ghost not even real?

James has given a detailed explanation of what has happened to him. He said, “The ghost, Thomas Kempe is terrorising me.”The victim confirmed that Thomas Kempe is getting him into so much trouble and won’t even give him a minute of peace.James reported, “I have no clue why he is even targeting me, but he keeps calling me his apprentice so maybe I remind him of his old apprentice.” James first found out about the ghost a week or so after they moved in and the reason he decided it was a poltergeist was because of the things he was doing.

Mr Ellison, 65, of Brentwood cottages gave us an exclusive interview. He said, “I definitely

believe this young lad and all of you should too. He confirmed, he has a few more plans to get rid of the ghost as he has already tried some of his ideas.

He said, “ the reason I decided to become a ghost catcher is because, when I was younger I came across a ghost in my house too.” He reported, he has gotten rid of many ghosts before but this one is going to be a tricky one to catch.

James’ sister (Helen Harrison)gave a brief interview. She said, “I never believe my annoying brother as he always lies but on this occasion I do believe him.” She stuttered, the ghost hasn’t been bothering me, em maybe he has, oh ok he has, although I haven’t told anyone.She reported, “ I didn’t even think it was a ghost at first because I thought it was James playing tricks on me , but then one day I was in my room and things were being chunked around my room and nobody was there and that's when I decided it was a ghost.

The ghost is still on the loose. When will the Harrison’s be free from the poltergeist? James is still determined to get rid of the ghost and so does Bert. They are still working on getting rid of it. If you come across a ghost please ring 1976 4971562
